NOTICE TO COMPETITORS

Number	Time	Date
1 of 1		

From

The Organizing Authority

Due to Lack of Wind forecast the event is postponed to a new date of 5th / 6th December 26.

Entry will reopen closing at 23:59 on 2nd December 26

- (NOR4.3) Late entries maybe accepted till 23:59 on 3rd December.
- All other entry criteria remain the same.
- (NOR 5.4) Competitors who can't attend the new date can request a refund by Thursday 12th November – email ILCA direct on office@ilca.uk

The NOR and SI are changed so that where stated:

Entry:
(Tuesday) 3rd November is changed to Tuesday 2nd December
(Thursday) 5th November is changed to Thursday 3rd December

Racing/schedule:
(Saturday) 7th November is changed to Saturday 5th December
(Sunday) 8th November is changed to Sunday 6th December

Statement from the Class:

As you may well have seen the weather forecast for this coming weekend at Draycote Water is looking very poor for sailing, with an absence of wind. Looking at the weather map and isobars, the conditions are unlikely to improve and it is unlikely that we will be in a position to run races.
In the interests of everyone (competitors, DWSC and volunteers) we have decided to postpone the Master Inland Championships until the weekend of 5/6 December 2026. Whilst frustrating to make this call and creating some inconvenience or disruption it is a better option than likely sitting around hoping to have a race.
Entrants will automatically be entered into the revised date and entries will be re-opened to allow new competitors. Should an existing entrant be unable to attend the revised date a full refund will be issued, please email office@ilca.uk by Thursday 12 November if you wish to cancel your entry and receive a refund.

The ILCA UK Womens Pre-Masters Training - Draycote Water SC is not affected and will still be occurring on Friday 6 November.
Thank you all for your understanding and we hope to see you at the revised date.

Kind regards
Gareth
